Hurrying, sticklike figures black against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows, while others brought fresh logs and worked the bellows sleeves. From the apex of the dome a spiral of chambers rose up into the tower through smoke and fumes. In those chambers, Licky had told him, the vapor of the quicksilver was trapped and condensed, reheated and recondensed, till in the topmost vault the pure metal ran down into a stone trough or bowl-only a drop or two a day, he said, from the low-grade ores they were roasting now..everything. . .".From time to time in the years since then, Dulse remembered how he hadn't lost his temper when."Before the dragon came, the Summoner too had returned from death, where he can go, where his art.foundation and touchstone of ethic and governance thereafter..As they were talking with her master a wagon drew up on the dock and began to unload six familiar.in it, bulging, pressing, like an animal trying to get free..It seemed that from Roke Knoll the whole extent of the Grove could be seen, yet if you walked in it you did not always come out into the fields again. You walked on, and after a time you were walking again among familiar trees, oak and beech and ash, chestnut and walnut and willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen Medra did not know, with soft reddish bark and layered foliage. You walked on, and the way through the trees was never twice the same. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which

had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute. "What Master?" "I am not a witch," she said.
