He spoke haltingly, with long pauses. "It was I that walked with the wizard, compelled by him, but she was with me, and she was free. And so together we could turn his power against him, so that he destroyed himself." He thought for a long time, and said, "She gave me her power.".and talked to her for a minute, saying something in her big, delicate ear and rubbing her topknot..only answer to conscious error is silence.".farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked,.He had a way with her cows that was wonderful. "He talks to em, and I'll swear they consider what he says. And that heifer follows him about like a puppy." Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead. Alder would not say how many head he had lost. The bodies of cattle were everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh. None of the water could be drunk unless you boiled it an hour, except what came from the wells, hers here and the one in the village, which gave the place its name..the boy's true name so that he could be sure of controlling him. Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm. "What I have to do, you see," the old wizard said, still talking to Silence because it was a comfort to talk to him even if he was no longer there, "is get into the mountain, right inside; but not the way a sorcerer-prospecter does; not just slipping about between things and looking and tasting. Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her. after the men were gone did some neighbors creep out to comfort Otter's people as best they could. He stopped in front of her. She felt herself blush, her face and throat burning, dizzy, her ears ringing. She sought words, anything to say, to turn his attention away from her, and could find nothing at all. He sat down near her. She looked down, as if studying the skeleton of a last-year's leaf by her hand. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (41 of 111) [2/5/2004 12:33:31 AM]. even to have it come to them unsought.
