Climb on my shoulders and I shall carry you up to the highest peak of this mountain. When I have looked."Good," said Amos. "So one third of your magic mirror has been found. Tomorrow evening I go off.Selene moved around the room, touching the chairs, working her bare feet through the carpet,.His eyes dropped and he was silent for a moment "I want to tell you. But I don't know how without you thinking I'm a monster." "Any or none, it amounts to much the same thing." "Cast off for the greyest and gloomiest island on the map," cried the grey man.."There is nobody there and they are going to do nothing," said the grey man..nodded..lane Yolen's classic fantasy tales have been appearing in F&SF since 1976. She is the author of many fantasy story collections, one of which (The Girl Who Cried Flowers) was a National Book Award finalist..anything at all after spending every night wailing to those damned drums..armchair and gave him a sound motherly smack on the cheek. So he sounded rather abrupt, though polite..Christopher Gail had traumatically divided not only Amanda's childhood but her very psyche. Five years.Would I want to?."Mallory," I said out loud, "you're cracking up."..Her place turned out to be four street numbers away from his and nothing like what he'd been expecting, neither a demoralized wreck heaped with moldering memorabilia nor yet the swank, finicky pied-a-terre of some has-been somebody. It was a plain, pleasant 1%-room apartment that anyone could have lived in and almost everyone did, with potted plants to emphasize the available sunlight and pictures representing various vanished luxuries on the wall, the common range of furniture from aspiring to makeshift, and enough ordinary debris to suggest a life being carried on, with normative difficulty, among these carefully cultivated neutralities.."No, I am not saying that SP3 could be modified from a robot craft to carry a human crew. The design could not feasibly be modified at this late stage. Too many things would have to be thought out again from the beginning, and such a task would require decades. And yet, nothing comparable to SP3 is anywhere near as advanced a stage of design at the present time, let alone near being constructed. The opportunity is unique and cannot, surely, be allowed to pass by. But at the same time we cannot afford the delay that would be needed to take advantage of that opportunity. Is there a solution to this dilemma?" He looked around as if inviting responses. None came..He came in quickly and bolted the door behind him. He didn't notice the open curtain. The Intermediaries move to block his path. With an inarticulate.heads up, sniffing the wind; then a stubbled field, dropping away; and now, below you, the co-op road.THE COMPANY REPRESENTATIVE: I will be brief. Common people, even uncommon ones, tend to romanticize reality, often to fantastic extremes, and invariably in these days romanticism acquires religious overtones. In the present instance a perfectly practical undertaking has been interpreted, on the one hand, as an attempt on the part of the King to get high enough above the ground so he can shoot an arrow into Heaven and, on the other hand, as an attempt on the part of the local citizens, especially the rich ones, to provide themselves with an avenue into Heaven. The two interpretations have somehow intermingled and become one. The absurdity of the second is self-evident and unworthy of closer scrutiny. The absurdity of the first is also self-evident, but for the record Td like to cite a few pertinent facts..A: Friends Come in Boxes.The ones that have made it waste nothing. It stands to reason that any really ancient deposits of crude oil.27.And from half a dozen directions they beard: Come on, just a little way. . . just a little way. . . little way. . . ."No reason to stay. When I was eight, my parents were killed in a fire. Our house burned down. I was taken in by a balmy old woman who lived not far away. I had some kin, but they didn't want me." He looked at me, trusting me. "They're pretty superstitious back in there, you know. Thought I was . . . marked. Anyway, the old woman took me in. She was a midwife, but she fancied herself a witch or something. Always making me drink some mess she'd brewed up. She fed me, clothed me, educated me, after a fashion, tried to teach me all her conjures, but I never could take 'em seriously." He grinned sheepishly. "I did chores for her and eventually became a sort of assistant, I guess. I helped her birth babies . . . I mean, deliver babies a couple of times, but that didn't last long. The parents were afraid me bein' around might mark the baby. She taught me to read and I couldn't stop. She had a lot of books she'd dredged up

somewhere, most of 'em published before the First World War. I read a complete set of encyclopedias published in 1911. "Never once," she went on fiercely, ignoring his supportiveness. "It's always Miss Massachusetts, or Miss Ohio, who can't do any-tiling but play a damn jew's-harp, if you'll excuse my language, or Miss Oregon, who still can't remember the blocking for Lovely to Look At, which she has been dancing since before 7 graduated from high school. There's no one in the whole damn line-up who hasn't been crowned once. Except me." space firms. But I've got one marketable talent? what the interviewer called a peculiarly coordinative. T'd Hke to see that process from the start," he said. "Where you suit up for the outside, I mean." "Exactly." She squinted across the vast tasteful expanse of Party-land, then stood up and waved. "I think I've recognized someone," she said excitedly, preening her paper feathers with her free hand. Far away, someone waved back..effort..I chuckled and sat on the edge of the bed. "You may be right."..snub!.months Selene and I were together, if I hadn't already known about her, I'd never have guessed? ".honest-to-god conversation, spontaneous, unstructured, and all his own.. "I asked, but I didn't get any answers."..My curiosity reared up again. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary..Barry was just getting used to the idea of going on to six-digit figures when a woman in a green sofa..The door starts to swing back on noiseless hinges, and a breath of cold, unbelievably cold air touches..see Selene in Amanda's clothes, but odder yet that, despite them, she looked like herself and not. And covering all the derricks was a translucent network of ten-centimeter-wide strips of."I'm not taking over, though. You know that's just a paranoid fantasy. I use only enough time for."Over there," said Amos pointing back out the door, "is that end. And over there is this end," and he."I See You" is the first new Damon Knight story in many year; it was the feature story in FASFs special Damon Knight issue (November 1976). As might be expected, it is a totally fresh piece of work and it shines with quality. Damon says of it: "You may think it is a short story, but it is really a novel on the plan of A for Anything and Hell's Pavement, only much compressed. i.wasn't Latin-American and I didn't think it was Slavic, His features were soft without the angularity..207.Crawford was the only one to look up when the lock started cycling.
