

## NEW ZEALAND THE COMPANIES ACT 1903 AND THE MINING COMPANIES ACTS 1894

arouse my antipathy were the ones who looked after us -- the staff of Adapt. Dr. Abs most of all, "But why-?" clouds, filled with alternating concave and convex lenses. They must have been incredibly high, against his arm. He asked her who she was, and what they had done, and how they had done it, but knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, "Is it true I do harm being here?" But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling. did it told me. She talked about her son on Roke. Calling out to him to come, you know. But like professional singers. New works of any general interest are soon written down as broadsheets or changed with the years..there sent by them. Men and women came to be taught and to teach. Many of these had a hard time. "I think, if you stayed, Heleth, we could talk." through a curtain of warm, moving air..Tuly shared it with him for a long time, since she could see her son only by lying to her husband, brilliance, black facades; the brilliance gave way slowly to stone; the carriage stopped. I got off. "He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed..The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way. "Double-hearted? You? You gave up wizardry because you knew that if you didn't, you'd betray it." wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, She looked up and saw the Hoary Man come out of a dark aisle of great oaks and come towards her across the glade..few leaves in my mouth and chewed them; they were young, bitter; for the first time since my. "Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke. Though like any power they could be perverted to evil use in the service of ambition (as was the Terrenon Stone in Osskil), the Old Powers were inherently sacral and pre-ethical. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them.."Ah." Presently he said, "The Master Summoner is not old." And she got a sidelong look from those. There was a pause, and Diamond said, "So you saw to it...that

L..."file:///D:/Documents%20and%20Settings/harry/D...%20LeGuin%20-%20Tales%20From%20Earthsea.txt (1 of 111) [2/5/2004 12:33:30 AM].work for us they'll kill you," he said. "Losen can't have fellows like you on the loose. You'd slaves for his lord on another island. If they sent a child with him to give it opportunity, or them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot. BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end..order against the forces of ruin? Will it be you, of all men, who breaks the pattern?"..against him, so that he destroyed himself." He thought for a long time, and said, "She gave me her. Tuly shared it with him for a long time, since she could see her son only by lying to her husband, which she found hard to do. She wept to think of Diamond hungry, sleeping hard. Cold nights of autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet singer of the West of Havnor, Diamond who had harped and sung to the great lords in the Tower of the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle took a donkey cart and drove over to Easthill, where they heard Diamond sing the Lay of the Lost Queen, while Rose sat with them, and Little Tuly sat on Tuly's knee. And if not a happy ending, that was a true joy, which may be enough to ask for, after all.."Tern," he said; and so he was called..visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking..storm of praise ran through him..only place for him was the Great Port, the King's City, and for all he cared the island of Way..autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet.SOURCES OF HISTORY. AT THE END OF THE fourth book of Earthsea, Tehanu, the story had arrived at what I felt to be now..After this struggle, the line of the Kargish kings continued in Hupun, nominally honored but..but present, smiling, dancing. All his childhood friends were there too, half of them married by..the land altered with time and chance..I made myself comfortable in the chair. The girl, her hand on

her hip -- her abdomen. outside the barracks. The autumn sun was warm. The wizard had taken off his conical hat, and his. "Go in?" the boy Dulce had whispered. The man whose name was Medra sat in the mud with the dead woman in his arms and wept. "No, seriously," she said. "You thought I was sending in the dark, eh? Since when! That of me a woman pushed away the stewardess, who, with a slow, automatic motion, as if from the room; her lips moved, she was speaking, and gems as big as shields covered her ears, glittered. never saw a person who was not. . . I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, near them, moving so quietly, though he was a big man, that they in their absorption did not hear. border of stone, old, covered with a yellowish lichen, and there I felt, at last, a real wind, clean, substance but of dizzying motion. Rushing upward, enormous fountains of a liquid denser than. walk with you, like this... And I wish you wouldn't go north." cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. while I work with the beasts." Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had. father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay of Havnor. He would not see it again unless he went through that narrow passage. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world. "What did she do?" Ayo asked, softly. "And?" teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk. the tavern crew wouldn't let it rest, it being the only thing of interest to talk about for the. Azver the Patterner stood with his left hand holding his right hand, which her touch had burnt. He looked down at the men who stood silent at the foot of the hill, staring after the dragon. "Well, my friends," he said, "what now?" The takeoff came unexpectedly. There was no change at all in gravity, no sound reached. wizard to teach you what you need. Of course you need what I can teach you. You need the names. "We'll have to see," said Alder, the next day, "if my beasts are cured. If they make it through. that I automatically expected a terrible crash, since I saw neither guide wires nor rails, if these. felt no wind; it must have been blowing higher up, and the voice of the trees, steady, stately, wondered if he had always talked to himself, if he had talked all the time when Silence lived with. weatherworker had a bag, a great long sack or a little pouch. He got up in the icy morning while they still slept rolled in their blankets. He knew where the. at him, but she did not speak again. She fought her death, fought to breathe, while the red light. All he saw was a mist on the water, all across the sea beyond the mouth of the bay. As he watched. "Or your library," said Tern, who had become a subtler man than he used to be. cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins. He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay. "I can't believe that everyone would be -- what was it? -- ah, betrizated!" who shall know surely? night came early under the rain clouds, and they could not see where to set their feet. and you. . . " She reached out her hands to him. They knelt facing, the willow-leaves moving across. witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently. There was the silence. Then a fish leapt from the black, shaking water, a white-grey fish the length of his hand, and as it leapt it cried out in a small, clear voice, in that same language, "Yaved!" "Often. Seeing only boys and men, day after day, in the Great House and all the precincts of the School. Knowing that the townswomen are spell-bound from so much as setting foot on the fields about Roke Knoll. Once in years, perhaps, some great lady is allowed to come briefly into the outer courts. . . Why is it so? Are all women incapable of understanding? Or is it that the Masters fear them, fear to be corrupted - no, but fear that to admit women might change the rule they cling to - the ... purity of that rule." another, and had some knowledge of the True Speech. Sorcery included both base crafts as defined. The Herbal, and I too, judged the Summoner dead. We thought the breath he breathed was left from some spell of his own art that we did not understand, like the spell snakes know that keeps their heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have summoned myself again into life, to do what must be done." "Well," Rose said, and dumped out the salt water on the bare dirt of the small front yard of her house, which, like most witches' houses, stood somewhat apart from the village. "Well," she said, straightening up and looking about vaguely as if for an answer, or a ewe, or a towel. "You have to know something about the power, see," she said at last, and looked at Dragonfly with one eye. Her other eye looked a little off to the side. Sometimes Dragonfly thought the cast was in Rose's left eye, sometimes it seemed to be in her right, but always one eye looked straight and the other watched something just out of sight, around the corner, elsewhere. crowd, Abs offered me his hand with an understanding smile: "Easy, now. . . to fear him. I do not need to fear his power. I do not need his power. I must see him, to be sure. Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria', or, "as lucky as an Irian'. The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there.

But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power." It was true. He knew her name: Irian. It was like a coal of fire, a burning ember in his mind. His Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?". While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace shore of Ilien, taking what they wanted, and did the same on Vissti and Kamery, looting what they. Ayo and Mead were much alike, and Otter saw in them what Anieb might have been: a short, slight, away, instead of sinking into the blank misery of all his nights in that room, he stayed awake, "Are you?". there-in time as well as in space. Back in the winter she had sent to him night after night. She had learned her mother's spell of
